Liability Waiver (Art. 3.2)

All participants understand that they take part in the competition voluntarily and at their own risk. They release, waive, and agree not to bring any claim against the organizing entity, collaborators, sponsors and other participants, discharging them of all liability toward runners and their heirs.

Under no circumstances will the organization be held liable for accidents arising from a pre-existing or latent condition, recklessness, negligence, or failure to comply with the rules, nor for accidents occurring while traveling to or from the race venue.

By registering, runners accept the text of the liability waiver document.

● Know yourself, prepare well, enjoy the mountain

Image Rights, Advertising & Data Protection

Image Rights (Art. 4.1)

The organizing entity holds the exclusive rights to the image of the Trail Fuentealta Vilaflor, as well as to the audiovisual, photographic and journalistic use of the event, including for research purposes.

Any media or advertising project must first obtain the express, written consent of the organization. Otherwise, the organization will pursue whatever legal action it deems appropriate.

Advertising (Art. 4.2)

Runners are required to wear and display, in the space indicated, the advertising material provided by the organization.

Altering, folding, or covering up advertising material will be penalized. Participants are also responsible for keeping this material in good condition.

Data Protection (Art. 4.3)

By registering for any Trail Fuentealta Vilaflor race, participants consent to the organization automatically processing their personal data for sporting, promotional or commercial purposes.

Bib Numbers, Pick-Up & Bag Check

Chip & Bib Use (Art. 5.1)

Wearing the chip and bib provided by the organization is mandatory throughout the race. The bib must be worn visibly on the front of the body, without folding or trimming it.

Tampering with or transferring the bib to someone else may result in a penalty or immediate disqualification.

Bib Pick-Up (Art. 5.2)

During registration, participants will indicate where in Tenerife they will pick up their bib (the north zone or Vilaflor de Chasna). In race week, the organization will announce the pick-up location, days and times by e-mail, social media and the FAQ section.

Remember to bring the QR code from your registration confirmation (you can show it on your phone — no need to print it).

Bag Check at the Start (Art. 5.3)

Participants who wish to may hand in their personal belongings up to 20 minutes before the start, in a properly closed backpack or bag. The organization is not responsible for any lost or missing items.

Backpacks/bags will be labeled with the bib number, which must be shown to collect them. Bag check will remain open until 30 minutes after the last participant finishes.

● One bib, one race, one mountain

Correct Bib Placement

Where the Bib Goes

The bib with the chip must always be worn centered on the chest, on the front of your shirt or other top garment.

It must not be folded, cut, covered, or worn to the side.

Why It's Mandatory

Incorrect placement prevents the chip from being read at the finish line and at checkpoints.

It may leave the participant without an official time or a place in the results.

Want results? Wear your chip correctly!

Mandatory Gear, Assistance & Poles

Mandatory Gear (Art. 6.1)

The organization will specify the mandatory gear for the race in the general information. Every runner must carry the required gear throughout the entire course.

The organization will not check mandatory gear: each participant is assumed to be aware of the needs and unforeseen events that can arise in the mountains.

Use of Poles (Art. 6.3)

Running on foot is the only permitted means of progression; any form of external assistance or equipment other than the runner's own body and poles is prohibited.

For safety reasons, the use of poles is prohibited during the first 2 kilometers of the race in all categories. Throughout the race, participants must carry them in a way that avoids injuring other runners.

External Assistance (Art. 6.2)

Only allowed in the Master Trail 29 km race, within the 100 meters before and after each aid station (never inside the official aid station itself): Las Lajas recreational area and El Salguero Football Field.

21 km pairs: not allowed. 21 km solo: not allowed. 12 km Start Trail (solo and pairs): not allowed. 6.5 km Start Trail: not allowed.

Prepare well, run with peace of mind

Course & Checkpoints

Checkpoints (Art. 7)

These are located at points along the course set by the organization, which do not necessarily coincide with aid stations. An official marshal is present at each one.

Skipping one or more checkpoints may be sanctioned, as determined by the race marshals, ranging from a penalty to full disqualification.

Marshals are responsible for the checkpoints; failing to follow their instructions may result in disqualification. Participants may not challenge or question marshals about the rules, results, or course.

It is the runner's responsibility to make sure their split times are recorded at each checkpoint and to wear the bib visibly.

Course & Marking (Art. 7.1)

All courses are available on the website in GPX format, downloadable to a watch or GPS device. All participants are required to know the course of the race they have entered.

The course will be marked with tape and markers. At crossings where confusion could arise due to multiple paths, trails or races intersecting, direction signs will be placed, along with organization staff and/or volunteers if needed.

Know your course before you run it

Maximum Times & Cut-Off Points

Maximum Time by Distance (Art. 7.2)

29 km: 6:00 hours from the start.

21 km: 4:30 hours from the start.

12 km: 2:30 hours from the start.

6.5 km: 2:00 hours from the start.

Checkpoints/aid stations act as "cut-off points," set at each location by the passage of the sweeper runner.

How Cut-Off Points Work

They are calculated to allow participants to reach the finish within the maximum time allowed, including occasional stops (food, rest...). If the sweeper runner overtakes them, they will be taken out of the race.

To continue in the race, runners must leave the checkpoint before the set cut-off time (regardless of what time they arrived at the checkpoint).

Any participant taken out of the race who wishes to continue along the course may do so after returning their bib, entirely at their own risk and responsibility.

Checkpoint Cut-Off Times (Art. 7.2)

DISTANCE	CHECKPOINT	CUT-OFF FROM START
29 km	Aid station km 10	1:40 h
29 km	Las Lajas aid station (km 16)	3:00 h
29 km	El Salguero Football Field aid station	5:00 h
21 km	Aid station km 10	1:40 h

12 km	Aid station km 4	45 min
12 km	El Salguero Football Field aid station	1:40 h
6.5 km	El Salguero Football Field aid station	50 min

Team formation (pairs): teammates must appear together at the start, at every aid station, at every checkpoint, and at the finish, or their completion of the course will not be certified. If one team member is forced to withdraw, the other may continue solo once their partner has safely withdrawn and race management has been notified; they will be recorded as a finisher but unranked (they will appear in the final results with their time, listed after the last participant).

Aid Stations & Withdrawals

Aid Stations (Art. 8)

Aid stations are points set up by the organization to restock on liquids, solid food, or both. No cups will be provided, so each runner must bring their own container (mandatory gear).

The contents of the aid stations will be announced on social media in the days before the race.

Withdrawals (Art. 9)

Withdrawals must take place at aid stations. If, due to an accident or injury, a runner becomes immobilized and cannot reach an aid station, they must trigger the rescue protocol by calling the Emergency Mobile Number (shown on the bib).

A runner may withdraw whenever they wish by calling the emergency number and reporting their withdrawal; they must withdraw at an aid station, hand in their bib, and, if fit to do so, continue to the finish by the shortest route.

From the moment a competitor withdraws voluntarily, they assume full responsibility and may leave the area under their own means. If requested, the organization will arrange transport to the finish for those who withdraw after the aid station where they are located has closed (closing a station can take several hours).

Aid Stations by Distance (Art. 8)

Duty to Assist & Respect for the Course (Art. 10.1, 10.4, 10.5)

Every runner has a duty to assist another participant who is in danger or has had an accident, and must report it immediately to the nearest checkpoint or the emergency number. Failing to provide assistance may be penalized with disqualification.

Competitors must behave in a sportsmanlike manner at all times, show respect toward other athletes, marshals and organization staff, and take care of the facilities set up for the event.

Being accompanied by another person, whether a registered runner or not, is considered external assistance and may be penalized; the same applies to external assistance and/or supplies provided outside the zones designated in Article 6.

Competitors must wear footwear and clothing suitable for a mountain race.

Respect above all, on the mountain and off it

New for the 12th Edition: UTMB Index

Trail Fuentealta Vilaflor, a UTMB Index Scored Race

Starting with this 12th edition (2027), the 21 km (solo and pairs) and 29 km (solo and pairs) distances of the Trail Fuentealta Vilaflor become UTMB Index scored races, within the 20K category.

The UTMB Index is the benchmark scoring system for trail running worldwide: every runner receives a score (UTMB Index Score) for their performance in each scored race, calculated using a statistical algorithm that factors in finish time, distance and elevation gain.

Each runner's overall UTMB Index is built from their best recent scores, and determines their level of access to benefits and pre-sale periods within the UTMB World Series system. More information at utmb.world/utmb-index.

Claims, Cancellation & Acceptance

Claims (Art. 13)

All claims will be accepted upon payment of a €20 deposit, which will only be refunded if the organization considers the complaint justified.

Claims regarding the provisional results may be filed up to 30 minutes after the finish line closes for the race in question.

Suspension or Cancellation of the Race (Art. 14)

The organization reserves the right to suspend, cancel, or change the time or date of the race due to force majeure, on the instruction of the relevant authorities and/or adverse weather conditions. In such cases, entry fees will not be refunded, nor will participants' expenses be covered.

Race directors may suspend, shorten, modify, neutralize or stop the race for safety reasons or due to force majeure beyond their control and not attributable to the organization (weather conditions, changes in water flow, alerts issued by the authorities, etc.).

Acceptance (Art. 19): completing registration for the Trail Fuentealta Vilaflor implies acceptance of the provisions of these Rules, which may be corrected, amended or improved by the organization at any time. Registering shows the participant's agreement with these Rules.
